

TCS Financial Results

Quarter I FY 2022-23

July 08, 2022

Disclaimer

Certain statements in this release concerning our future prospects are forward-looking statements. Forward-looking statements by their nature involve a number of risks and uncertainties that could cause actual results to differ materially from market expectations. These risks and uncertainties include, but are not limited to our ability to, manage growth, intense competition among global IT services companies, various factors which may affect our profitability, such as wage increases or an appreciating Rupee, our ability to attract and retain highly skilled professionals, time and cost overruns on fixed-price, fixed-time frame contracts, client concentration, restrictions on cross-border movement of skilled personnel, our ability to manage our international operations, reduced demand for technology in our key focus areas, disruptions in telecommunication networks, our ability to successfully complete and integrate potential acquisitions, liability for damages on our service contracts, the success of the companies in which TCS has made strategic investments, withdrawal of governmental fiscal incentives, political instability, legal restrictions on raising capital or acquiring companies outside India, unauthorized use of our intellectual property and general economic conditions affecting our industry. TCS may, from time to time, make additional written and oral forward-looking statements, including our reports to shareholders. These forward-looking statements represent only the Company's current intentions, beliefs or expectations, and any forward-looking statement speaks only as of the date on which it was made. The Company assumes no obligation to revise or update any forward-looking statements.

Q1 FY23 Performance Highlights

➤ Revenue:

- INR Revenue of ₹ 527,580 Mn, up 16.2% YoY
- USD Revenue of \$ 6,780 Mn, up 10.2% YoY
- Constant currency revenue up 15.5% YoY

➤ Profit:

- Operating Margin at 23.1%
- Net Margin at 18.0%
- Cash flow from operations at 114.1% of net profit

Service Lines Commentary – Q1 FY23

- We saw strong, broad-based growth for our services led by Cloud, Consulting, Cognitive Business Operations and Enterprise Application Services.
- Customer experience, cloud modernization & sustainability are the themes that led the G&T demand during the quarter.
- Recognitions for TCS as a leading Cloud GSI continued from all partners:
 - *TCS won 3 global Microsoft Partner of the Year Awards, and 3 regional awards.*
 - *TCS won the AWS GSI Partner of the Year for ANZ.*
 - *TCS won the Google Industry Solutions Partner of the Year for Retail, and Global Partner of the Year for D&I.*
- We have over 71K Cloud hyperscaler certifications, among the highest in the industry.

Cloud

Strong growth as our clients are actively investing in Hybrid IT strategies and multi-horizon cloud transformation initiatives. Our cloud services including: infra, app & data modernization, operating model transformation & business transformations saw strong resonance. Our full services play, and contextualised solutions enable clients to adapt to continuously changing business and regulatory requirements while accelerating the journey to the cloud. Hyperscaler partnerships continue to strengthen and expand as we progress on several of the joint GTM initiatives.

Enterprise Application Services

Clients continue to invest in Cloud ERP modernization to improve customer and employee experience on their growth and transformation journeys. Growth for the quarter was led by SAP (Cloud, S/4 HANA), Salesforce & Digital Process Management Services. Our industry solutions powered by TCS Crystallus™ continues to resonate strongly with our clients.

Cognitive Business Operations

Growth propelled by several large deals driving digital transformation of operations for customers, across Data Center & Network Services, Customer Experience Management, HR Operations, Supply Chain, Digital Workplace and Industry specific operations. Continuing trends of Vendor consolidation, Multi-Services & Integrated Operations drove demand. TCS extensive contextual knowledge and sophisticated assets like Cognix™, MFDM™ and ignio™ are helping drive agility for enterprises.

Consulting & Services Integration

Strong growth led by Finance & Shared Services, Supply Chain, NextGen Enterprise Transformation and Cloud Strategy & Transformation. We have good demand momentum across services and a strong pipeline, as our customers continue to entrust strategic transformation programs to us.

TCS Interactive

As clients are sharpening their focus on leveraging experience as a differentiator, TCS interactive continues to see strong demand in design led digital experience services across B2B & B2C segments and renewed interest in D2C initiatives by traditional B2B companies. Key services that led the growth in this quarter include Design led Transformation services and Digital Marketing. TCS won the Adobe 'Digital Experience' Partner of the year award.

Cyber Security

Cyber Defense Suite continues to gain adoption with new wins and opportunities. We saw continued demand for managed services in security support, upgrades and monitoring & operations with a reinforcement of focus in all round reduction and management of cyber threats using risk prioritized investments. IAM modernization, Fraud Prevention & Digital Forensics Services led growth during the quarter.

Key Highlights

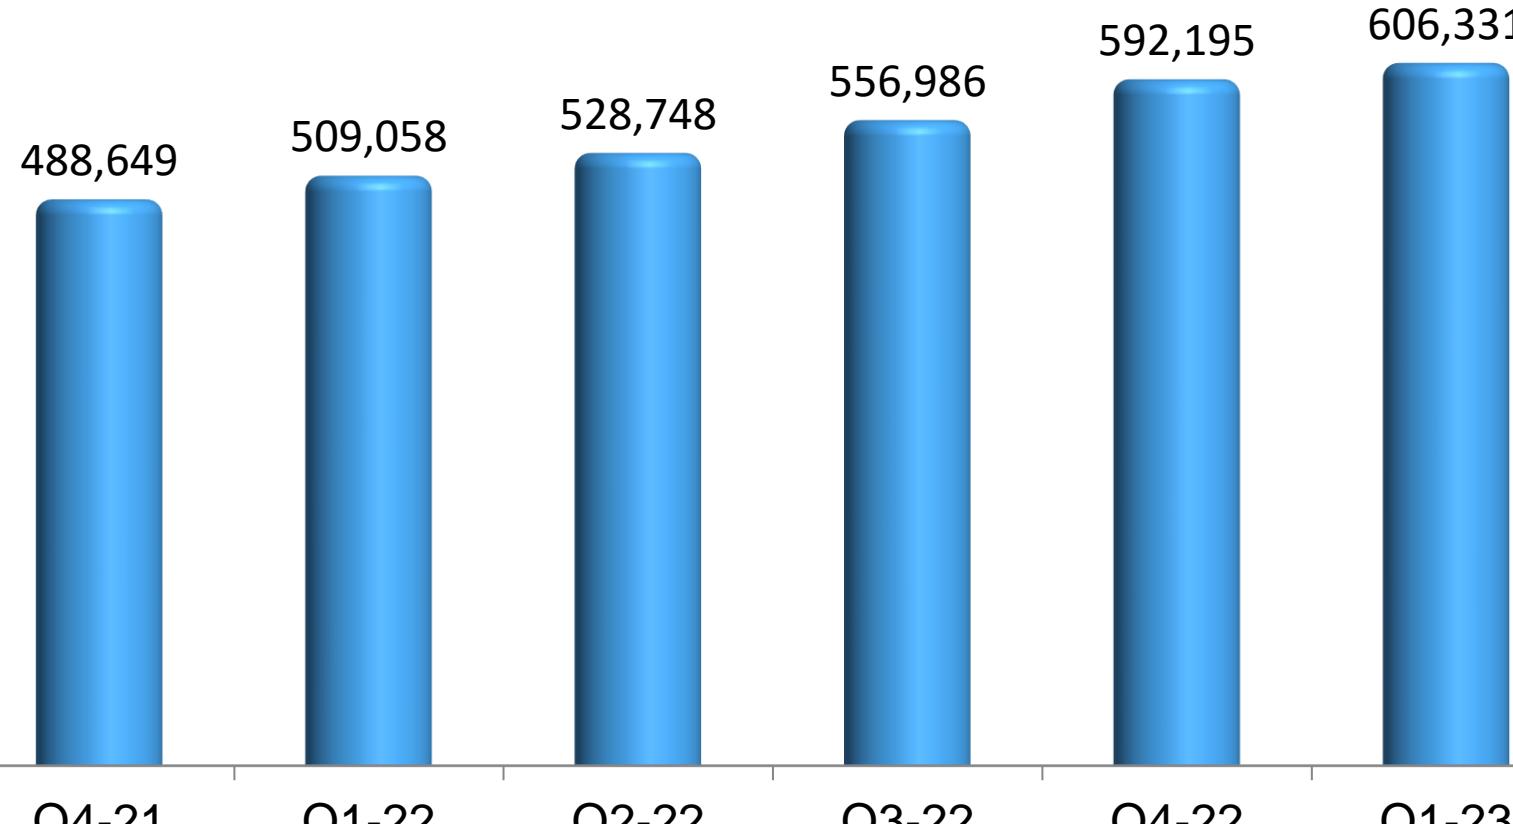

- Selected by a leading US based freight railroad operator, as a strategic partner to transform their complete IT landscape & support their operations, locomotives, and assets to enhance employee experience and productivity. TCS will leverage ignio™, Cognix™ and MFDM™ as part of its "Right-fit Automation" for Digital Operations.
- Selected by a global leader in HR services, to provide a consolidated cloud-based Infrastructure as a Service for consumption across its Global and local operating companies. As part of this engagement, TCS will be responsible for centralizing all Cloud consumption, standardize the operating processes and bring efficiency in usage.
- Selected by **Outokumpu**, a Finland based global leader in sustainable stainless steel, to transform its IT landscape with an agile and secure cloud-based digital core to reduce its carbon footprint and support its strategic aspirations.
- Selected by **HellermannTyton**, subsidiary of Aptiv PLC, a technology company focused on shaping the future of mobility, as their strategic partner to Transform their IT Infrastructure Operations and management, by bringing in business aligned, scalable, secure, digitally automated operations through Technology Transformation and Consolidation.
- Selected by a leading American pharmaceuticals distributor as the strategic transformation partner with a focus on patient care & experience, supply chain resilience, and agility in new product introduction. TCS will establish a strong IT foundation and transform the IT operating model across the full stack of application, data, infrastructure & security, and will also streamline operational processes. TCS will leverage its assets & investments including ignio™, Cognix™ powered by MFDM™, TCS' Cloud, TNaaS™, and Cognitive Bots to address both near-term and long-term client priorities, accelerating business growth.
- Selected by a Japanese multinational pharmaceutical company for their HR transformation initiative. Leveraging TCS Crystallus™ for Experience Transformation, TCS will enable enhanced employee engagement, retention, and recognition within the organization.
- Selected by a North America Energy Infrastructure client as a strategic partner for the digital transformation of Finance, Supply Chain and Asset Work Management functions. TCS will drive adoption of the industry best practices to align ERP processes, data and systems across the enterprise to deliver next-gen user experience leveraging a leading ERP Cloud platform along with asset management platform.
- Selected by **Scottish Power Energy Retail Limited**, part of the Iberdrola group, to help bring Customer Experience Transformation. TCS will adopt a 'Digital First' approach leveraging Cognix™, MFDM™ and deep contextual knowledge to help provide an omni-channel personalized customer experience.
- Selected by a Large Global Oil & Gas Industry client as the Global Digital Engineering partner. TCS will bring its IoT and Digital Engineering solutions to modernize their Drilling, Well Construction and Production Systems and provide innovation in Digital Transformation Initiatives. This will enable our Client to offer innovative connected solution to their End customers-delivering improved productivity and safety.
- A leading global payment provider has selected TCS for building a new extensible and scalable Benefits platform for CEMEA (Central Europe, Middle East and Africa). The new platform will enable improved benefits management, transform experience for card holders and Issuers, enable easy onboarding of new partners, scalable to meet planned growth in the region, and provide an API portal to leverage services from technology partners (building ecosystem).
- TCS has been selected as a strategic partner by **Student Loans Company's (SLC) Technology Group**, to enable the lender's transformation through delivery of strategic technology capabilities. A key focus will be on enabling the journey to the cloud through the delivery and support of SLC's new Software-as-a-Service (SaaS) technologies and expanding its enterprise integration platform.

"TCS is truly a collaborative and strategic partner that helped develop our technology platform. Our vision is "Powering the safest and most seamless customer experience of any global alliance". TCS brings transformational ability driven by its technology and domain experience globally, which is essential for our success." - **Andy Lui, CIO, SkyTeam**

"We are delighted to be partnering with TCS to help support the transformation of our service. We share a common desire to create digital channels that make a difference in serving all our customers, both businesses and consumers, by increasing accessibility to our service and improving our response times. Working with a world leader in technology services and digital delivery, whose values reflect our own, is a significant milestone in our digital journey and we are looking forward to delivering on our ambitious plans." - **Nicola Wadham , CIO, The Financial Ombudsman Service**

Human Resources

Total Employee Base

Attrition*:
